RE: BioProtectors LLC. Paul Spagnoletti, President

I am writing this letter in recommendation of Paul Spagnoletti, President of BioProtectors LLC. Paul and his team did an excellent job protecting our office and manufacturing facility during these difficult times.

The work that was performed for our 7,000 square foot office and 30,000 square foot manufacturing plant has been outstanding for the safety of our employees by not only disinfecting but also protecting the surfaces for an extended period. This allowed our company to operate safely as an "essential business" during these trying times.

I would be glad to provide more information if need be with regards to my recommendation and validate the work that was performed by BioProtectors.

Nick Morisset

Operations Manager
